9:00 PM..... ADJOURNMENT

Team Captains need to reach agreement with their counterparts within their respective groupings on the following items:

- Match Arrangements: See Paragraph 5, NCGA 2010 Team Match Rules of Play
- Playing privileges for alternates when applicable.
- Amenities. Participating clubs may provide complimentary services such as practice rounds, golf carts, range balls, food and/or beverages as part of their host functions; however, they are under no obligation to do so. Normally the extent to which a club exercises these options depends on the ability to reciprocate and is mutually agreed upon by all clubs competing against each other during the regular season. During play-off rounds, these same options are available to competing clubs; however the NCGA recommends that unless both clubs involved can reciprocate, neither should expect it.
- Club dress code. (including footwear)
